**Important Notice to Residents
 Water/Sewer Invoices**

Please be advised, during the budget deliberations of January 9, 2016, Council passed Motion 020/16 to increase the water rate per cubic meter to \$1.99, effective March 1, 2016.

A cubic meter of water is equivalent to 1000 litres. **So, this means for every 1000 litres of water you use, you will be paying an additional \$0.20 cents.**

For example, a utility bill with a consumption of 5.00 (5000 liters of water used) will now cost \$9.95 instead of \$8.30. A utility bill with a consumption of 10.0 (10,000 litres of water used) will now cost \$19.90 instead of \$16.60.

To put this in perspective, if you were to purchase one 1 litre of bottle of water at the store, it would cost you in the neighborhood of \$1:00-\$2.10. **1000 litres of water purchased on your utility invoice will cost you \$1.99.**

The sewer rate remains the same at 70% of consumption of water.
