BE SKY WISE AND LISTEN!!

It seems that Central Alberta is experiencing more and more extreme weather this summer.

Please be advised, in the event of a
Tornado Warning

issued by Environment Canada, please take immediate cover as instructed in the directive.

In the event such a warning is issued, the Town of Rimbey will be activating the siren located on the roof of the Administration Building. If you hear this siren, please take immediate cover.

IS YOUR FAMILY PREPARED?

Do not under estimate Mother Nature, extreme weather events can happen quickly. It is not a matter of if, it is a matter of when. Could you and your loved ones be self sufficient for 72 hours in the event of a disaster? **Be proactive**, do not wait until it is too late.

Basic Emergency Kit:

Think of ways that you can pack your emergency kit so that you and those on your emergency plan can easily take the items with you, if necessary.

Some of the items you may wish to include are: water—two litres of water per person per day, food—that won't spoil, such as canned food, energy bars and dried foods, manual can opener, flashlight and batteries, battery powered or wind up radio, extra batteries, first aid kit, prescription medicines, infant formula, equipment for people with disabilities, extra car and house keys, cash and a copy of your emergency plan.

The Town of Rimbey has also put this document on our website for your convenience. We wish you a safe and uneventful summer season.
