Lori,

We are expecting you will receive letters pertaining to our upcoming rezoning application of 4502-51 street. Our plan is to set a delegation with council on the second meeting of February in order to get an idea if it even makes sense to apply. We were recommended by Liz and Rick that having the letters in before the delegation may be helpful in our bid.

We assume these letters can be used as part of the delegation process as well as being forwarded to the application process if it gets that far.

Dear Mayor Pankiw,

It is our intention to submit an application to rezone our property, located at 4502 51 Street, Lot 20, Block 9, Plan 8120791. Under current zoning bylaws, our property is listed for highway commercial use. At some point in the future, we would potentially like to sell, which brings up a number of concerns for the surrounding residences and an active highway commercial business.

Apparent and shared concerns include:

- increased traffic
- increased parking and the unpleasant sight of required off-street parking
- increased noise
- potential for decline of neighbouring property values
- alteration to the current community dynamic
- issues of compatibility between commercial and residential property

Having lived at this address for over 12 years, we have greatly enjoyed and benefited from the community cohesion and appeal that this wonderful neighbourhood offers, and we would like to see this continue.

The original purpose of classifying land use into zones is to create compatibility and to reasonably avoid conflicting activities. With this in mind we would like to ask you to support us in our application to rezone the above property to Residential.

If you have any questions please call Keith at [REDACTED] M-Th 08:30-17:00 or email [REDACTED]

[REDACTED] Thank you so very much for your time.

Sincerely,

Keith Spelrem

Re: Rezoning Application for 4502 51 Street, Rimbey, Alberta

Applicants: Glenna and Keith Spelrem

Dear neighbours,

We would like to inform you of our upcoming application to rezone our property, located at 4502 51 Street. Under current zoning bylaws, our property is listed for highway commercial use. At some point in the future, we would potentially like to sell, which brings up a number of concerns for surrounding residences at the arrival of an active highway commercial business.

Apparent and shared concerns include:

- increased traffic and associated risks
- increased parking and the unpleasant sight of required off-street parking
- increased noise
- potential for decline of neighbouring property values
- alteration to the current community dynamic
- issues of compatibility between commercial and residential property

Having lived at this address for over 12 years, we have greatly enjoyed and benefited from the community cohesion and appeal that this wonderful neighbourhood offers, and we would like to see this continue. The original purpose of classifying land use into zones is to create compatibility and to reasonably avoid conflicting activities.

Subsequently, we will be applying to the Town of Rimbey to rezone the property to residential. If approved, this measure will ensure that the neighbourhood continues to benefit from the overall cohesion that currently exists within this area of town.

We would like to ask you to support us in our application. You can help us by signing the attached letter of support, or drafting your own, and mailing in the postage-paid envelope to town council by February 13, 2021. You can also email Lori Hillis, CPA, CA - Chief Administrative Officer at lori@rimbey.com

Please contact Keith at [REDACTED] M-Th, 8:30am-5:00pm, if you have any questions. Thank you for your consideration.

Sincerely,

Keith Spelrem

12.12 HIGHWAY COMMERCIAL (C2)

(1) Purpose

The C2 – Highway Commercial designation is intended to accommodate the development of a wide array of commercial uses on lots adjacent to roadways that facilitate large volumes of automotive traffic.

(2) Permitted and Discretionary Uses

Table 12.12.1 outlines the permitted and discretionary uses contemplated in the C2 designation where approval is subject to the issuance of an authorized development permit.

Attention: Mayor and Councillors of the Town of Rimbey

I am writing to express my support of Keith and Glenna Spelrem's application to rezone the property Lot 20, Block 9, Plan 8120791, 4502 51 Street, from highway commercial to residential.

I have a number of concerns regarding an active highway commercial business moving into that location when the property in question is sold.

Specifically:- *More traffic - its already a busy corner - there are only two entrances & exits for a big area*
- It would de-value my place - I live across the back alley
- Safety of the many people who use the walking trail

The impact of an active highway commercial business in a R1 neighbourhood affects the safety and quality of life of the residents. I urge you to support this application.

Thank you for your service.

Re-zoning this property will have zero affect on our business or any businesses on 51 st. To me it makes perfect sense to have this re-zoned to Residential.

Attention: Mayor and Councillors of the Town of Rimbey

I am writing to express my support of Keith and Glenna Spelrem's application to rezone the property Lot 20, Block 9, Plan 8120791, 4502 51 Street, from highway commercial to residential.

I have a number of concerns regarding an active highway commercial business moving into that location when the property in question is sold.

Specifically:

- INCREASED TRAFFIC AND PARKING.
- NOISE
- PROPERTY DAMAGE DUE TO NON RESIDENTS IN AREA.

The impact of an active highway commercial business in a R1 neighbourhood affects the safety and quality of life of the residents. I urge you to support this application.

Thank you for your service.

AFTER SCHOOL PROGRAM

AGES 6-11

The After School Program runs three days a week. It is a program that provides new opportunities and experiences where children can build positive relationships and develop confidence and skills for life. Activities include active team games, self-directed play, snacks, community involvement, and creative projects.

We have parents requesting this program move to 5 days a week, as they need the care. However, we do not have the funds to do that at this time.

S.O.D. PROGRAM (SCHOOL'S OUT DAY) AGES 6-11

S.O.D. is a program for school Professional Development Days. The program offers children a fun-filled day of recreation, crafts and games. This program also runs over the Spring Break week.

**These program days fill instantly
and have waiting lists!**

SUMMER PROGRAM

AGES 6-11

The Summer Program is a full-day program that provides new opportunities and experiences where children can build positive relationships and develop confidence and skills for life. Activities include active team games indoors and out, self-directed play, experiments, imaginative and creative learning.

We have parents requesting this program move to 5 days a week, as they need the care. However, we do not have the funds to do that at this time.

FYIS

Big Brothers Big Sisters vs. Boys and Girls Clubs

The two agencies share staff, office space and both work with youth; however, that is where their similarities end. Each agency is unique. They have their own charitable status, operate under separate national offices, and have separate budgets, donors and finances. They do not share their finances.

The Ponoka Agencies Do Not Financially Benefit From The Rimbey Agencies

The Ponoka agencies do not receive money that was designated for the Rimbey agencies. All money designated to Rimbey is accounted for in the Rimbey agency financials. The Ponoka agencies charge a menial satellite fee for handling the Rimbey administrative duties.

FYIS CONTINUED

Ponoka Assists In Ensuring The Rimbey Agencies Receive Additional Funding

The Ponoka agency assists the Rimbey agency in receiving additional funding, due to the status of the Ponoka agency with funders. Funders such as President's Choice, United Way and Boys and Girls Clubs of Canada donate funds to the Rimbey programs due to the association with the Ponoka agency. If Rimbey were to separate from the Ponoka Youth Centre, these funds may no longer be available to them.

The Ponoka agency handles all of the grant requests, reporting and accounting.

Ponoka County Funding

Each year the Ponoka agency meets with the Ponoka County Council to request funding for the Boys and Girls Programs in both Ponoka and Rimbey. The money is then split between the agencies. For the past four years, the Ponoka agency has given the Rimbey program an excess of their share in order to help the Rimbey program gain a firm foundation in its initial stages.

The Future

The Boys and Girls Clubs of Wolf Creek's desire is to continue to offer the youth of Rimbey safe, supportive programming where they can experience new opportunities, overcome barriers, build positive relationships and develop confidence and skills for life.

The continued presence of the Boys and Girls Clubs of Rimbey relies on the on-going financial support of the Town of Rimbey. Without the annual funding, the program would not be able to stay in the Town of Rimbey.

Thank you for your ongoing support and we look forward to continuing to build into the lives of youth in Rimbey.

Comments from Parents

The Rimbey Boys and Girls club has been amazing for our son. It is so important to our family as we both work and therefore rely on after school care for our son. This club is fun, reliable and a safe place for school kids. There are so many things the kids learn there; including social skills, kindness, responsibility and creativity. This program is affordable which is so appreciated. The diversity of kids that attend the program is perfectly matched by a constantly changing and amazing program. The B&G club provides so many amazing opportunities to kids who may otherwise never have these opportunities. **The club is more valuable, in our community, than words can explain.**
The LeBlanc family

I think it is an amazing program that provides an amazing service. Kids can go to a fun safe place after school and on Friday's off, they interact with other kids, and it expands their community of friends.

For parents working and with other commitments at those times, it provides a great place for their children to go, at a reasonable price. The staff are amazing there, no matter who is there, my daughter has a great time and looks forward to going every time!

I really appreciate this program!

Bernice

Thank You

The funding and facility donations from the town of Rimbey has allowed hundreds of children, youth and families in your community to be a part of programs that enable them to learn and grow!

Hello,

I am looking to see if we could have a letter written from the Town of Rimbey to help achieve our goal of qualifying for the stabilization Grant. This event has been strong and been growing for 4 years and we would like to continue this event. We have been in contact with the Rimbey Ag Society and they will write one up showing that we are in good standing and have been successful. I would also like to show the grant committee a letter showing that our event does bring money/people into your economy etc. Anything to help keep this event alive! I have included a letter that the CPRA is using for applications - just thought a guideline might help? Sometimes that hardest part is knowing where to start!

If you have any questions please do not hesitate to contact me at this email, or my phone is [REDACTED]

Thanks again,

RE: Sundre Rodeo & Race Association application for Alberta Stabilize Grant

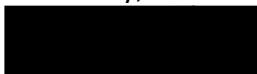

The Canadian Professional Rodeo Association (CPRA) with headquarters in Airdrie, Alberta is the sanctioning body for professional rodeo in Canada. The CPRA approves 55 events annually with a total payout exceeding \$5.7 million and holds their premiere event, the Canadian Finals Rodeo, each year at Westerner Park in Red Deer, AB.

The Sundre Pro Rodeo is one of the Professional rodeos sanctioned by the CPRA and has been a part of Alberta history and heritage for 41 years. The Sundre Pro Rodeo's long-term commitment to rodeo and the Western way of life has been a great asset to our industry. Rodeo events are also not just about the event itself but the net profit raised helps to support the communities in which they operate as well.

The COVID-19 pandemic has put many businesses and events in peril. The rodeo event industry has been ravaged by this pandemic, seeing no CPRA rodeo events after March 2020. Rodeo events rely on two primary sources of revenue: spectators and sponsors. Without the ability to have gatherings of any significance, the rodeo events have lost their largest revenue sources. With the economic impact on many businesses as well, sponsorships, the second primary source of revenue, is also impacted and many sponsors are not able to contribute in the same capacity they have in the past, if at all.

We are working on making the 2021 rodeo season a reality but without the ability to return to normal operations, all members and the CPRA will be working for less as we strive to host events without spectators (or a nominal amount). Government and other funding support will be critical to ensure that our rodeo committees can still hold an event in 2021 (even if it's a modified format") and continue their historical legacy to a time when arenas can be filled with spectators for our rodeo events. We fully support the Sundre Rodeo & Race Association's application to ensure rodeo and the Western heritage can live on.

Sincerely,

A black rectangular redaction box covering the signature of Terry Cooke.

11.9 FCSS Staff Christmas Party

Recommend that we forgo dinner together this year.

However, plan to have individually wrapped Christmas goodie bags every Monday and Friday in December. Have special coffee or apple cider all day. (French Vanilla coffee made in 30 cup percolator and use disposable cups or apple cider in crock pot.) In Christmas gift bags-lip balm, chocolates, gingerbread men cookies, Christmas decorations (\$1-\$2 items) Approximate: 6 days of Christmas (approximate cost-\$500)

Then we'd like to put together a Christmas package for each staff:

Example: gingerbread house kit
\$25 Coop gift card
-approximate cost \$35-\$40 x 55 = \$2,200.00

20-11-10 MOTION: By: G. Rondeel: To purchase gingerbread kits and a \$25.00 Rimbey Bucks gift card for each of the staff members for Christmas at the expense of the agency.

11.10 Compassion fund updates

We are not using the fund very often and many of us kind of forget that its there. However, it was used a couple of weeks ago. Would like to have the QIRM Committee review the program and be sure that we are still doing what we set out to do.

20-11-11 MOTION: By: D. Noble: To approve the payment of \$250.00 to a young person in need.
