REQUEST FOR DECISION

Meeting: June 23, 2025
Submitted By: Liz Armitage, Development Officer
Subject: Bylaw 1014/25 Amendment to Land Use Bylaw 1008/24 - Re-Designation of Land
Item For: ☒ Public Information -or- ☐ Closed Session

BACKGROUND:

Administration has received an application for redesignation to a Direct Control (DC) District from Phil Swanson for the parcel located at Lot 18, Block 9, Plan 972 2593 in the N.W. ¼ SEC. 21-42-2-W5M (5030-49 Avenue).

The following images show the approximate location of the lands to be redesignated:

DISCUSSION:

Analysis of Existing Conditions:

Council Agenda Item 6.1

An analysis of the existing land use and surrounding area indicates that as per Land Use Bylaw 1008/24, the property is surrounded by lands designated C1 on the north, east, west and PS, R2 and MHP on the south. Below is an image of the property from the town's Land Use Bylaw map.

Application Overview:

A private company, Missing Link, has purchased the noted site (previous Town Fire Hall). They are a company that has several contracts to pull fiber through multiple municipalities across Alberta.

The Applicant is proposing to utilize the subject site for storage and also intend to create a security perimeter by surrounding the site with eight (8) shipping containers as a barrier/security wall. The application also proposes to use an additional four (4) shipping containers for temporary storage.

As the Rimbey Land Use Bylaw only allows for a maximum of three (3) shipping containers (c-cans) on one parcel within the Town, Administration directed the Applicant to consider applying for a redesignation to a Direct Control (DC) District to allow for the additional number of c-cans that they would like to utilize on the site. Administration did not advise pursuing a development permit given the significant variance that would be required to the number of sea-cans on the site. This process will require a redesignation to Direct Control and then a subsequent development permit application that would be under the review of Council to make a decision on in accordance with the Bylaw.

The proposed number of c-cans changes the character and general nature of the site and may have significant impacts on adjacent properties and the area as a whole. This is why a redesignation application and the public hearing process that accompanies that is most appropriate from a planning and development perspective, as well as from a public transparency and oversight viewpoint.

Municipal Development Plan Review:

One of the main goals of Rimbey's MDP is outlined in 6.1 which states one MDP goal is to "to ensure the orderly, complementary, contiguous, and efficient development of the physical environment within the Town." The impact of a site in the downtown area and heart of the community having such a significant number of c-cans, more in line with an industrial area or more appropriate in a sparsely populated rural area is counter to this MDP goal in terms of ensuring complementary development.

Policy 7.3 states that “a high level of quality and aesthetic appeal will be encouraged in all development and redevelopment.” Council, in their decision to proceed with this redesignation application, will have to consider whether this policy goal is achieved through this development.

When considering a land use redesignation application, the MDP notes that Council should have consideration for the following items outlined in Section 7.7:

- 1.The goals and policies of this and other applicable statutory and non-statutory plans and/or policies adopted by Council.
 - 2.The views of the public.
 - 3.The physical characteristics of the subject and adjacent land.
 - 4.The use of other land in the vicinity.
 - 5.The availability of and possible impact on public and private utilities.
 - 6.Access to and possible impact on the transportation systems.
 - 7.The overall design; and
- Any other matters which, in the opinion of Council, are relevant.

While aesthetically this proposed development does not align with the overall goals of the MDP and may also impact other lands in the vicinity from a visual perspective, Council should also take into consideration the views of the public made at a subsequent public hearing, if this Bylaw receives 1st Reading as well as any other matters which, in the opinion of Council, are relevant.

This proposed development is located within the commercial area of the downtown. Policy 11.4 notes that “the Town will strive to develop and implement an overall downtown streetscape plan to ensure the downtown commercial area is pedestrian friendly and aesthetically pleasing while providing adequate vehicular access and parking.” The proposed development, will likely have a negative impact on the streetscape and this should be considered by Council.

If Council does decide to approve this Land Use Bylaw amendment, a rationale can be made for alignment with the Economic Development section of the MDP as outlined in Section 22. Goals of this section speak to encouraging economic development and opportunity for the Town. This is a growing business in Rimbey that will grow the economic base of the Town which is something that the MDP does encourage.

Land Use Bylaw Review:

Section 9.13 of the Land Use Bylaw outlines regulations regarding c-cans. As proposed, this development is counter to a number of the supporting regulations for c-cans, not simply the maximum number allowed.

The Bylaw notes that c-cans cannot be located in the exterior side or front yard. This proposal will have shipping containers located within the side yards and the front yard.

Policy 9.13.7 notes that c-cans shall be visually screened from public roads and adjacent properties. Policy 9.13.8 notes that shipping containers shall have no visual or material impacts on neighboring properties. The shipping containers, as proposed with this development, would not be visually screened and encircle the site.

Policy 9.13.10 provides allowances for temporary c-cans during active construction and during temporary loading and unloading for period of not more than ten (10) days in any six-month period.

The temporary shipping containers proposed for this site will exceed those requirements and require further special allowances in a DC district, if approved by Council.

Summary:

This application has significant contradictions with the policy framework outlined in Rimbey’s Municipal Development Plan (MDP) and the regulatory requirements of the Town’s Land Use Bylaw. Council must weigh these considerations, with any public input at the Public Hearing and consideration of the Town’s economic development goals and priorities when making a decision on this application.

A BYLAW OF THE TOWN OF RIMBEY, IN THE PROVINCE OF ALBERTA, TO
AMEND LAND USE BYLAW 1008/24.

WHEREAS Part 6, Section 6.1(2), of the Town of Rimbey Land Use Bylaw 1008/24 states that Council may initiate an amendment to the Land Use Bylaw,

NOW THEREFORE After due compliance with the relevant provisions of the Municipal Government Act RSA 2000, ch. M-26, as amended, the Council of the Town of Rimbey duly assembled enacts as follows:

PART I - TITLE

This Bylaw may be cited as the Amendment to the Land Use Bylaw.

PART II – DIRECT CONTROL – 2020-01

- 1) Add Section 12.18, Direct Control District – 2025-01 as follows:
- (1) **Location**
Lot 18, Block 9, Plan 972 2593 (5030-49 Ave)
 - (2) **Purpose**
To accommodate and allow for a maximum of eight (8) permanent c-cans and four (4) temporary c-cans to be located on an otherwise designated Central Commercial (C1) district.
 - (3) **Permitted Uses**
 - (a) As per the permitted uses contained within the Central Commercial (C1) designation.
 - (4) **Discretionary Uses**
 - (a) Eight (8) permanent c-cans
 - (b) A maximum of four (4) temporary c-cans allowed for a maximum one (1) year period from date of development permit issuance.
 - (c) As per the permitted uses contained within the Central Commercial (C1) designation.
 - (5) **Development Standards and Setback Requirements**
 - (a) As per the requirements contained within the Central Commercial (C1) designation unless otherwise exempted within this Direct Control (DC) District.
 - (b) A maximum of eight (8) permanent c-cans are exempt from the regulations outlined in Section 9.13 (6(a)), (7), (8), (9) and (11) of the Bylaw. This allows for the c-cans allowed on the parcel to exceed the Bylaw maximum of three (3) c-cans, be located within the side or rear yard and be located adjacent to the property line. Furthermore, the eight (8) permanent c-cans do not have to comply with other setback regulations of the Bylaw.
 - (c) Temporary c-cans may be approved to a maximum of four (4) and for a period not exceeding one (1) year. The temporary c-cans are exempt from the regulations of 9.13 (10) and (11).
 - (d) Additional development standards as determined by Council or its delegate.

A BYLAW OF THE TOWN OF RIMBEY, IN THE PROVINCE OF ALBERTA, TO AMEND LAND USE BYLAW 1008/24.

(6) **Maximum Number of Lots**

- (a) One (1)

PART III – REDESIGNATION

- 1) Lot 18, Block 9, Plan 9722593 from Central Commercial (C2) to Direct Control (DC) as identified on Schedule A.
- 2) That the Land Use District Map of Bylaw No. 1008/24 is hereby amended as per attached map in Schedule A.

PART IV - EFFECTIVE DATE

AND FURTHER THAT this Bylaw shall take effect on the date of third and final reading.

Town Council
REQUEST FOR DECISION

Meeting: June 23, 2025
Submitted By: Craig Douglas, Chief Administrative Officer
Subject: Bylaw 1015/24 Schedule "A" Fees for Services
Item For: ☒ Public Information -or- ☐ Closed Session

BACKGROUND:

1. In the last revision to Schedule 'A' of the Fees for Services Bylaw, an Administration Fee for the Ash Garden was added. At this time, the bylaw requires further amendment to include a Perpetual Care Fee and a Plaque Fee specific to the Ash Garden.

Administration Fee:

An Administration Fee is hereby established for all services rendered pertaining to the Ash Garden. This fee covers the administrative tasks associated with the management and operation of the Ash Garden.

Perpetual Care Fee:

In recognition of the ongoing maintenance and long-term care required, a Perpetual Care Fee shall be levied. This fee is intended to fund the continuous upkeep and conservation efforts of the Ash Garden, ensuring its preservation for future generations.

Plaque Fee:

A Plaque Fee is introduced to cover the cost of designing, producing, and installing a commemorative plaque for the Ash Garden. This fee ensures that the historical and cultural significance of the Ash Garden is appropriately recognized and preserved.

Plaque Panel:

The plaque panel in the Ash Garden is a dignified, communal monument designed to respectfully display individual name plaques in memory of those whose ashes have been interred within the garden. The panel is typically made of granite or another durable, weather-resistant material, and is mounted securely on a base within the landscaped memorial area.

2. Administration has also removed fees for children's plots and cremation plots as these options are no longer available in Rimbey.

DISCUSSION:

The cost for each individual name plaque is \$276, plus applicable shipping and taxes. The total cost for the plaque panel was \$3,706.50. When divided by the 42 name plaques it can accommodate, the panel cost per plaque amounts to \$88.25.

Council Agenda Item 6.2

To recover the cost of both the individual plaque and the portion of the plaque panel, it is proposed to set the total fee at \$400. While this amount was initially intended to be lower to accommodate affordability, the \$400 fee would allow the Town to recover:

\$276 for the Plaque

\$88.25 for the Plaque Panel

Leaving \$35.75 to help offset shipping and tax expenses

This approach balances cost recovery while keeping the fee within a reasonable range.

RELEVANT POLICY/LEGISLATION:

Bylaw 1011/25

RECOMMENDATION:

Administration recommends that Council establish the plaque fee to be applied in the Fees for Services Bylaw.

Title: Utility Service Fee, Payment and Penalties Policy		Policy No: 3211	
Date Approved: January 23, 2017		Resolution No: 028/17	
Date Effective: January 23, 2017			
Purpose:		To provide service fee rates, payment and penalty policies for utility accounts.	
<p>Policy Statement:</p> <p>1.0 <u>Utility Billings</u></p> <p>1.1 All utility billings shall be processed and forwarded in the name of the property owner(s) as listed on the tax roll.</p> <p>1.2 Utility rates and charges shall be levied for water, sewer, solid waste collection and disposal, recycle and meter service charges commencing when water is turned on to a property.</p> <p>1.3 Utility billings shall be mailed out and collected on a regular schedule as determined by Council.</p> <p>1.4 Billings for services shall be in accordance with rates set out in Schedule A ,(as amended from time to time, by resolution of Council) of Fees for Services Bylaw_ 905/15.</p> <p>1.5 Billings shall be mailed no later than ten (10) days after the first day of the month following the end of the period for which the account was rendered.</p> <p>1.6 Utility bills shall cease only when an employee or agent of the Town of Rimbey physically turns off the water to a property, however, the owner shall still receive a utility bill if there is an outstanding balance owing. If the utility bill is not paid accordingly, then section 5.1 shall apply.</p>			

2.0 Connection / Disconnection Fee

2.1 A fee of fifty dollars ~~(\$65.00)~~ **\$50.00** shall be charged to any accounts to defray the costs for any of the following:

- a) Shutting off a service.
- b) Reconnecting of service following shutoff.
- c) New service.

3.0 Utility Account Transfers & Fees

3.1 An administration fee of forty dollars (**\$40.00**) shall be charged to any account, when a new owner purchases a property. The non-refundable transfer fee will be charged to the new account holder on the first utility billing.

3.2 **NO utility account** for any property *shall be transferred into the name of a renter*, but shall be forwarded in the name of the property owner only.

3.3 If a property owner chooses, a utility billing may be forwarded in care of a renter, providing that the property owner has signed a 'Utilities Rental Agreement' form as per attached, allowing that utility account arrears, plus penalties and fees, may be transferred to the property owner's tax roll account, and acknowledging that there may be no notification of such transfers until tax levy notices are mailed in the spring of each year. The forty dollar (\$40.00) transfer fee shall apply each time a new account needs to be created.

3.4 **Mobile Home Parks** – Utility billings shall be forwarded to the owner of the manufactured or mobile home. If the mobile home owner chooses, a utility billing may be forwarded in care of a renter, as per section 3.3.

4.0 Payment and Penalties

4.1 The date fixed for payment of utility billings shall be the second last working day of the month in which the utility billings were mailed.

4.2 Any utility account, which remains unpaid on the last working day of the month in which the utility billings were mailed, shall have a **10% late payment penalty** added to the unpaid current balance which will form part of the rate levied.

4.3 Should an account or portion thereof become 2 months in arrears, a written notice shall be forwarded, giving notice of the arrears and final opportunity to pay prior to transferring the arrears to the **property tax roll account**.

Utility Service Fee, Payment and Penalties Policy	Policy No: 3211	Page 3
--	-----------------	--------

5.0 Arrears Transfer to Tax Roll

- 5.1 In the event that payment for the arrears on a utility account is not received at the Town Office by the date and time specified in the written notice (4.3), the **arrears and penalties, plus a forty dollar (\$40.00)** administration fee, will be transferred to the tax roll of the property, without further notice.
- 5.2 These charges become an amount owing to the Municipality and subject to collections under the tax recovery process.

REQUEST FOR DECISION

Meeting: June 23, 2025
Submitted By: Craig Douglas, Chief Administrative Officer
Subject: JDL Developments
Item For: ☒ Public Information -or- ☐ Closed Session

BACKGROUND:

On May 12, 2025, JDL Developments requested the opportunity to "piggyback" #4 and #5 Capital paving projects listed below. They proposed to cover the cost but requested to enter into an agreement with the Town that provides for repayment over a 15-year term.

#4. Project: 53 Avenue. Road Construction & Paving, 53 Avenue - from 42 Street to 43 Street

#5. Project: 42 Street. Road Paving, 42 Street – from 53 Ave. to 54th Ave (Hwy. 20). from the Capital Projects.

At the Committee of the Whole Meeting held on June 9, 2025, Council made the following motion:

Motion 044/2025 COW

Moved by Councillor Johnstone to accept the request to enter into an agreement with JDL Developments, whereby the JDL Developments will cover the cost of the capital projects listed below, with the inclusion of interest charges and a 15-year repayment term.

- #4. Project: 53 Avenue. Road Construction & Paving, 53 Avenue - from 42 Street to 43 Street
- #5. Project: 42 Street. Road Paving, 42 Street – from 53 Ave. to 54th Ave (Hwy. 20). from the Capital Projects.

DISCUSSION:

Administration received advice from Municipal Affairs recommending that the Town not proceed with an agreement with JDL Developments. Municipal Affairs considers the arrangement to constitute the lending of money, and therefore Section 264 of the Municipal Government Act (MGA) would apply, despite the intention for repayment. Under the MGA, the Town may only enter into such agreements with nonprofit organizations.

RECOMMENDATION:

Administration recommends that Council rescind Motion 044/2025 COW, following advice from Municipal Affairs to not enter into an agreement with JDL Developments, as per Section 264 of the MGA.

Subject: Rock the track 2025

Good day Rick,

Hope all is well,

Attached is the sponsorship opportunities for our 2025 Rock the track event. I am hoping you could bring this to town council and look at being a partner in this years event. I feel I put my money where my mouth is with a 500,000 up front cash to execute the event. My group of companies donate over 250,000 to this as well as over 50,000 to the oval operations per year. I would really like to see a commitment from the town as they all benefit the most from the people who come to the event and enjoy the weekend at Rimbey with local business also benefiting the most . Please share far and wide with anyone willing to be a partner we have lots opportunities 25,000 and under!!

Any questions or concerns please call look forward to this year and hope the Town will be a sponsor and partner this year with a continued success story for 2026.

Thanks,

Terry

Rimbey town council

It has come to our attention that Councilor Gayle Rondeel, Rimbey, is named as an Endorser of The Plant Based Treaty and is listed on the website plantbasedtreaty.org.

We wish to respectfully ask what is your intention with endorsing this and why?

What is the Plant Based Treaty?

According to their website:

Our Mission

To promote a shift towards a just, plant-based food system that would enable us to live safely within our planetary boundaries and reforest the Earth.

Our Vision

Our vision is a global Plant Based Treaty attached to the Paris Agreement, and best practices in plant-based food policy implemented by cities and other institutions.

Their number 4 objective is

Advocacy at Global Climate Talks

We engage in UN advocacy at global climate conferences like UNFCCC Conference of the Parties (COPs), the Bonn Climate Conference, and UN ECOSOC Sustainable Development Goal (SDG) consultations to encourage them to adopt a plant-based food transition into their programs. We published our first annual report, Safe and Just, in December 2023.

Our Values

Incorporate deep ecology and climate justice, a democratic organizational structure, DEI, and a globally representative core team and local leadership development.

The "Plant Based Treaty" is an initiative aiming to halt the expansion of animal agriculture and promote a shift towards plant-based diets. While it appears to address crucial environmental concerns (based on the WEF/UN 2030 'woke' agenda) the potential negatives and challenges associated with its implementation include:

- **Economic Disruption:**

- A rapid shift will significantly impact industries reliant on animal agriculture, leading to job losses and economic instability in those sectors.
- This will particularly affect rural communities such as Rimbey and economies heavily dependent on livestock farming.
- Generations of family farms will become obsolete.

- **Social and Cultural Resistance:**

- Dietary habits are deeply ingrained in cultural traditions and personal preferences.
-
- Significant resistance will arise from those who view plant-based diets as a threat to their cultural identity or personal freedom.
- There could be social inequity, where access to plant based food is not equal for all economic levels.

-

- **Nutritional Considerations:** While plant-based diets can be healthy, careful planning is essential to ensure adequate intake of essential nutrients.

- Concerns exist about potential nutrient deficiencies, especially in vulnerable populations

- Ensuring that plant based alternatives can provide nutrition that is equal to or better than animal products is essential.

-

- **Implementation Challenges:** Enacting and enforcing a global treaty on dietary habits would be complex and face significant political and logistical hurdles.

-

- Residents of Canada, in particular Alberta have voiced their concerns over any WEF/UN agenda interference and this is clearly one of their tactics.

-

- Variations in agricultural practices, economic development, and

cultural norms across countries would require tailored approaches, making a uniform treaty difficult.

-
- **Potential for Unintended Consequences:**
- *Large-scale shifts in agricultural production could have unforeseen environmental consequences, such as increased reliance on certain crops with their own environmental impacts.*
- *Land use changes could occur that create new ecological problems.*
-
- *It's important to note that the Plant Based Treaty is a response to the supposed pressing problems caused by animal agriculture. Whether those "problems" are valid or not is questionable. However, like any large scale change, there are potential problems that must be considered.*
-
- *At this time we the citizens of the town of Rimbey ask that you unendorse the plantbasedtreaty.org. We are a farming community in a rural area that is in agreement with sustainable farming practices that include animals and wish to remain to promote animal protein diets.*
-
- *In a very brief exchange with Gayle Rondeel I'm suspecting this endorsement is part of a larger broader scope problem.....Rimbey's participation in iclei. I request that the relationship with iclei also be examined to determine if it is in the best interests of our town.*
-
- *Thank you for your time and consideration. I will be attending the Town council meeting June 23 to hear discussion on these matters.*
-
- *Peggy Bayne*

The Plant Based Treaty

We are a grassroots initiative creating bottom-up pressure for the **negotiation of a global Plant Based Treaty as a companion to the UNFCCC Paris Agreement.** Modeled on the Fossil Fuel Treaty, the Plant Based Treaty aims to put food systems at the forefront of combating the climate crisis to **halt the widespread degradation of critical ecosystems caused by animal agriculture and to promote** a shift towards healthier, sustainable plant-based diets.

The Treaty

Individuals, **groups, businesses** and **cities** that endorse the Plant Based Treaty are expressing their support for national governments to come together to negotiate a global Plant Based Treaty, including the three core principles and 40 suggested proposals as outlined below.

Demand 1 | Redirect

Eliminate the driving forces behind the problem

Promotion of plant-based foods and actively transition away from animal-based food systems to plant-based systems

- 1.** Declare a climate emergency – join the 2,000+ local governments in 39 different countries that have already done so
- 2.** Address the methane emergency:
According to the United Nations, a 0.3°C temperature rise could be averted by 2045 if methane emissions were cut by 45% this decade. As the leading source of human-caused methane emissions, a **transition away from animal agriculture** to a sustainable plant-based food system

would help us meet these goals as soon as possible

3. Food security should be placed as a priority for all nations, with a focus on ending poverty and hunger and making nutritious food accessible for all

4. Acknowledge and support the pivotal role small farmers have in feeding the planet; support them to maintain (or restore) autonomy over their lands, water, seeds and other resources

5. Shift away from monoculture-based arable farming that depletes soil, decreases biodiversity and is reliant on external inputs such as animal manure and agrochemicals towards diversified, agroecological, **veganic (vegan and organic) farming** using regenerative, permaculture and natural principles that restore soil and ecosystems, enhance food security and provide nutrient-dense foods

6. **Calculate greenhouse gas emissions based on consumption** and develop a food strategy for Climate Action Plans that prioritizes a switch to plant-based foods and public education

7. Update government food and dietary guidelines to promote wholefood, plant-based food

8. Design public information campaigns to raise awareness about the climate and the environmental advantages and health

benefits of plant-based food, nutrition and cooking

9. Aim to reduce the public's consumption of animal-based food through education in schools

10. Transition to plant-based meal plans in schools, hospitals, nursing homes, prisons, government institutions, universities and businesses

11. Mandate honest labelling of food products including carbon labelling and cancer warning labels on all processed meats which have been declared carcinogenic by the World Health Organization

12. Introduce a meat (including fish) and methane tax with proceeds funding restoration of land destroyed by animal agriculture

13. Subsidize fruits, vegetables and legumes to make a wholefoods, plant-based diet more affordable and end food deserts that hurt low income communities

14. Redirect government subsidies for animal agriculture, slaughterhouses and industrial fishing to environmentally-friendly production of plant-based food

15. End government subsidized advertising for the meat, dairy and egg industry

16. Create green bonds to fund a transition to a plant-based economy

17. Provide financial support and training for farmers, ranchers and fisherpeople to move **away from animal production** to diversified agroecological, plant-based (veganic) systems

Demand 2 | Relinquish

Stop the problem increasing

***No land use change, including
deforestation, for animal agriculture***

18. No building of new animal farms

19. No building of new slaughterhouses

20. No expansion or intensification of existing farms

21. No conversion of plant-based agriculture to animal agriculture

22. No conversion of any land for animal feed production

23. No clearing of forests or other ecosystems for animal grazing, animal rearing or animal farming of any kind

24. No new fish farms or expansion of existing aquaculture farms

25. Protection of Indigenous Peoples; their land, rights and knowledge

26. Ban all live exports

27. No new large-scale industrial fishing vessels

Demand 3 | Restore

**Actively healing the problem while
building resilience and mitigating
climate change**

***Restore key ecosystems and reforest the
earth***

28. Reforestation projects to be rolled out
in appropriate ecosystems using native
tree species to restore habitats to a
previously similar state

29. Reforestation and restoration of the
oceans is prioritized by designating
additional areas of the oceans as zero
fishing Marine Protected Areas (known as
Highly Protected Marine Areas – HPMAs)

30. All existing Marine Protected Areas
should be declared strictly no fishing zones
and converted to HPMAs

31. Active programs rolled out to replant
critical carbon absorbers in the oceans,
such as seagrass beds

32. Restore key degraded ecosystems
which are essential for carbon
sequestration cycles: mangroves, peat
bogs, forests, some types of grassland

33. Focus shift on nature-based solutions
for climate change mitigation and
adaptation

34. Subsidies made available for farmers

and landowners who practice good land stewardship and are actively restoring the land and the associated ecosystem services (such as carbon sequestration, biodiversity, flood defence, general climate change resilience)

35. Subsidies made available for rewilding and reforestation projects

36. Incentivised subsidies / grants for farmers to switch from animal agriculture to diversified plant production

37. Cities: increase trees and wildflowers, increase green community projects, wildlife corridors, green rooftops, local growing schemes, work towards biodiversity increases

38. Enhance food justice by providing access to healthy food for all, especially low-income communities

39. Repurpose available land freed up from animal grazing and animal feed production for: rewilding, reforestation (if appropriate), returning land to Indigenous people, nature reserves, hiking zones, community growing, allotments (if appropriate), agroecological veganic food growing (where possible)

40. Shift of some land ownership into community hands so the land can be repurposed for reforestation, green space and community food gardens and allotments

Cities that endorse the Plant Based Treaty are not legally bound by the 40 proposals and it does not mean they are obliged or able to fulfill the treaty demands. However, cities that endorse the Plant Based Treaty are encouraged to make meaningful changes and implement good practices in plant-based food policies and rewilding within their own jurisdiction and priorities.

2024 Audit Findings

Report to the Audit Committee

December 31, 2024

Lindsey Bauman, CPA
T: 403.786.2410
E: lindsey.bauman@mnp.ca

Overview

We are pleased to submit to you this Audit Findings Report (the "Report") for discussion of our audit of the financial statements of The Parkland Library Board (the "Library") as at December 31, 2024 and for the year then ended. In this report we cover those significant matters which, in our opinion, you should be aware of as members of the Audit Committee.

As auditors, we report to the members on the results of our examination of the financial statements of the Library as at and for the year ended December 31, 2024. The purpose of this Report is to assist you, as members of the Audit Committee, in your review of the results of our audit.

This Report is intended solely for the information and use of the Audit Committee and management and should not be distributed to or used by any other parties than these specified parties.

We appreciate having the opportunity to meet with you and to respond to any questions you may have about our audit, and to discuss any other matters that may be of interest to you.

Engagement Status

We have completed our audit of the financial statements of the Library which has been carried out in accordance with Canadian generally accepted auditing standards and are prepared to sign our Independent Auditor's Report subsequent to completion of the following procedures:

- Receipt of the signed management representation letter;
- Discussion of subsequent events with the Audit Committee;
- The Board of Directors / Executive Committee review and approval of the financial statements.

No significant limitations were placed on the scope or timing of our audit.

Independent Auditor's Report

We expect to have the above procedures completed and to release our Independent Auditor's Report on March 27, 2025.

Unless unforeseen complications arise, our Independent Auditor's Report will provide an unmodified opinion to the members of the Library. A draft copy of our proposed Independent Auditor's Report has been included with this report. The matters disclosed in the Independent Auditor's Report are discussed further in the relevant sections of the Report.

Audit Reporting Matters

The following significant matters arose during the course of audit that we wish to bring to your attention.

Significant Audit, Accounting and Reporting Matters

Area		Comments
	Changes from Audit Service Plan	There were no deviations from the Audit Service Plan previously presented to you. Please refer to Appendix B for the significant areas and our audit responses.
	Final Materiality	Final materiality used for our audit was \$200,000 for December 31, 2024, and \$140,000 for December 31, 2023.
	Identified or Suspected Fraud	<p>Due to the inherent limitations of an audit and the nature of fraud, including attempts at concealment through forgery or collusion, an audit conducted in accordance with Canadian generally accepted auditing standards cannot be relied upon to detect fraud.</p> <p>While our audit cannot be relied upon to detect all instances of fraud, no incidents of fraud, or suspected fraud, came to our attention in the course of our audit.</p>
	Identified or Suspected Non-Compliance with Laws and Regulations	Nothing has come to our attention that would suggest any non-compliance with laws and regulations that would have a material effect on the financial statements
	Matters Arising in Connection with Related Parties	No significant matters arose during the course of our audit in connection with related parties of the Library.
	Matters Arising From Discussions with Management	<p>We would like to formally acknowledge the cooperation and assistance we received from the management and staff of the Library.</p> <p>There were no significant matters discussed, or subject to correspondence, with management that in our judgment need be brought to your attention.</p>
	Budgeting	It is important to ensure that the budget is appropriate for the entity's purposes. Consider whether it would be relevant to budget for items like amortization or capital items. With these items missing the budget is inconsistent with financial reporting. Amortization is common to be budgeted for as a proxy for future capital expenditures.

Significant Risk Areas and Responses

Significant Risk Area	Response and Conclusion
<p>Management override of internal controls</p> <p>Overall risk of material misstatement due to fraud regarding management's override of internal controls.</p>	<p>To respond to the overall risk of material misstatement due to fraud regarding management's override of controls, we have performed the following procedures:</p> <ol style="list-style-type: none"> 1. Tested the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements using Mindbridge AI software. No issues were noted. 2. Reviewed accounting estimates for biases. There were no circumstances producing biases which represented a risk of material misstatement due to fraud found during testing. 3. Evaluated the rationale behind significant transactions not in the normal course of business. No circumstances were noted during testing which would point to management engaging in fraudulent financial reporting or concealing misappropriation of assets.
<p>Deferred revenue and restricted contributions / Grant revenue</p> <p>Risk that deferred revenue has been overstated and/or understated.</p>	<p>Reviewed contracts for grant revenue to ensure appropriate amounts recorded as deferred versus revenue. Substantive testing completed on deferred revenue.</p>
<p>Expenses / expense claims</p> <p>Risk that expenses are overstated in the current year to align with budget or due to personal expenses being recorded. These risks are common for similar organizations.</p>	<p>Testing around expense claims was completed, consistent with the previous years. Further testing around accounts payables was completed to ensure that they appropriately exist. No issues were noted.</p>

Other Areas

Area	Comments
Auditor Independence	We confirm to the Audit Committee that we are independent of the Library. Our letter to the Audit Committee discussing our independence is included as part of the additional materials attached to this report.

Area	Comments
Management Representations	We have requested certain written representations from management, which represent a confirmation of certain oral representations given to us during the course of our audit. This letter, provided by management, has been included as additional material to this report.

We appreciate having the opportunity to meet with you and respond to any questions you may have about our audit, and to discuss any other matters that may be of interest to you.

Sincerely,

MANAGEMENT'S REPORT

To the Members of Parkland Regional Library System:

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian generally accepted accounting principles. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The elected board is composed entirely of neither management nor employees of the Library. The board has the responsibility of meeting with management and external auditors to discuss the internal controls over the financial reporting process, auditing matters and financial reporting issues. The board is responsible for recommending the appointment of the Library's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by the board to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the board and management to discuss their audit findings. The accompanying financial statements are the responsibility of the management of Parkland Regional Library System.

Ron Sheppard - Executive Director

Independent Auditor's Report

To the Members of The Parkland Library Board:

Opinion

We have audited the financial statements of The Parkland Library Board (the "Library"), which comprise the statement of financial position as at December 31, 2024, and the statements of operations, remeasurement gains and losses, changes in net financial assets and cash flows, and changes in accumulated operating surplus for the year then ended, and schedules and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Library as at December 31, 2024, and the results of its operations, changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Library in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Library's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Library or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Library's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Unit 201, 4711 – 49B Avenue, Lacombe AB, T4L 1K1

T: 403.782.7790 F: 403.782.7703

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Library's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Library to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

PARKLAND REGIONAL LIBRARY SYSTEM
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2024

1. Nature of activities

Parkland Regional Library System (the "Library") is an independent body established under the Alberta Libraries Act for the purpose of providing a variety of support services for the public libraries of rural Central Alberta.

The Library is exempt from tax pursuant to Section 149(1)(l) of the Income Tax Act of Canada.

2. Change in account policy**Revenue**

Effective January 1, 2024, the Library adopted the Public Sector Accounting Board's (PSAB) new standard for the recognition, measurement and disclosure of revenue under PS 3400 Revenue. The new standard establishes when to recognize and how to measure revenue, and provides the related financial statement presentation and disclosure requirements. Pursuant to these recommendations, the change was applied prospectively, and prior periods have not been restated. Under the new standard, revenue is differentiated between revenue arising from transactions that include performance obligations, referred to as "exchange transactions", and transactions that do not have performance obligations, referred to as "non-exchange transactions", as described in Note 3. There was no material impact on the financial statements from the retroactive application of the new accounting recommendations.

3. Significant accounting policies

The financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards ("PSAS") and include the following significant accounting policies:

Cash and cash equivalents

Balances with original maturities of less than 3 months are included in cash and cash equivalents. Marketable securities with prices quoted in an active market are measured at fair value while those that are not quoted in an active market are measured at cost less impairment.

Revenue recognition

Member fees are recognized as revenue when the services have been provided.

Book and supply outside sales are recognized as product is shipped to the member library that placed the order through the Library.

Provincial funding and grants that are externally restricted are recorded as deferred contributions if the terms of the funding create a liability. These funds are recognized as revenue in the year in which the related expenses are incurred and the terms of the funding are met.

Unrestricted provincial funding, miscellaneous and donations, and other revenue are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

All investment income is recognized when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Expenses

Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or legal obligation to pay.

Non-financial assets

Non-financial assets are assets that are not available to discharge existing liabilities but held for use in Library operations. Such assets have useful lives extending beyond the current year and are not intended for sale in the normal course of Library operations. The change in non-financial assets during the year, together with the excess of revenue over expenses, provides the changes in net financial assets for the year. Non-financial assets consist of the following:

i. Inventory for consumption

Inventory of materials and supplies for consumption is recorded in the financial statements at lower of the cost of the specific item or replacement cost.

PARKLAND REGIONAL LIBRARY SYSTEM
Notes to the Financial Statements
FOR THE YEAR ENDED DECEMBER 31, 2024

3. Significant accounting policies *(continued from previous page)*

ii. Tangible capital assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the assets. Contributed tangible capital assets are recorded in the financial statements at fair market value at the time of contribution.

	<i>Method</i>	<i>Rate</i>
Vehicles	declining balance	30%
Building	straight-line	50 years
Technology equipment and systems	declining balance	55%
Furniture and fixtures	declining balance	20%
Equipment	declining balance	20%

A full year of amortization is calculated in the year of acquisition. No amortization is calculated in the year of disposal.

Tangible capital assets are tested for impairment whenever events or changes in circumstances indicate that their carrying amounts may not be fully recoverable. An impairment loss is recognized when and to the extent that management assesses the future useful life of an asset to be less than originally estimated.

iii. Prepaid expenses

Expenses paid in advance where services have not been performed or materials have not been received.

Use of estimates

The preparation of financial statements in accordance with PSAS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the statement of financial position date, and the reported amounts of revenue and expenses during the reporting period. Key components of the financial statements requiring management to make estimates include the provision for doubtful accounts in respect of receivables, the cost and net realizable value of inventories, employee benefit obligations, the useful lives of long-lived assets and the potential impairment of assets. Actual results could differ from these estimates.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in excess of revenue over expenses in the periods in which they become known.

Long-term investment

Investments are recorded at fair market value, based on quoted prices in an active market, including accrued interest. Unrealized changes in fair value are recognized in the statement of remeasurement gains and losses until they are realized, when they are transferred to the statement of operations.

Foreign currency translation

These financial statements have been presented in Canadian dollars, the principal currency of the Library's operations.

Transaction amounts denominated in foreign currencies are translated into their Canadian dollar equivalents at exchange rates prevailing at the transaction date. Carrying values of monetary assets and liabilities reflect the exchange rates at the balance sheet date. Gains and losses on translation or settlement are included in the determination of excess of revenue over expenditures for the current period.

Reserves for future expenditures

Reserves are determined at the discretion of the board to set aside funds for future operating and capital expenditures. Transfers to and/or from reserves are reflected as an adjustment within accumulated surplus.

PARKLAND REGIONAL LIBRARY SYSTEM
Notes to the Financial Statements
FOR THE YEAR ENDED DECEMBER 31, 2024

3. Significant accounting policies *(continued from previous page)*

Financial instruments

The Library recognizes financial instruments when the Library becomes party to the contractual provisions of the financial instrument.

Arm's length financial instruments

Financial instruments originated/acquired or issued/assumed in an arm's length transaction ("arm's length financial instruments") are initially recorded at their fair value.

At initial recognition, the Library may irrevocably elect to subsequently measure any arm's length financial instrument at fair value. The Library has not made such an election during the year. All financial assets and liabilities issued/assumed in an arm's length transaction are subsequently measured at amortized cost, except for marketable securities that are measured at fair value.

Transaction costs and financing fees directly attributable to the origination, acquisition, issuance or assumption of financial instruments subsequently measured at fair value are immediately recognized in excess of revenue over expenses. Conversely, transaction costs and financing fees are added to the carrying amount for those financial instruments subsequently measured at cost or amortized cost.

Financial asset impairment

The Library assesses impairment of all its financial assets measured at cost or amortized cost. The Library groups assets for impairment testing when available information is not sufficient to permit identification of each individually impaired financial asset in the group. Management considers whether the issuer is having significant financial difficulty; whether there has been a breach in contract, such as a default or delinquency in interest or principal payments in determining whether objective evidence of impairment exists. When there is an indication of impairment, the Library determines whether it has resulted in a significant adverse change in the expected timing or amount of future cash flows during the year.

The Library reduces the carrying amount of any impaired financial assets to the highest of: the present value of cash flows expected to be generated by holding the assets; the amount that could be realized by selling the assets at the statement of financial position date; and the amount expected to be realized by exercising any rights to collateral held against those assets.

Any impairment, which is not considered temporary, is included in current year excess of revenue over expenses.

The Library reverses impairment losses on financial assets when there is a decrease in impairment and the decrease can be objectively related to an event occurring after the impairment loss was recognized. The amount of the reversal is recognized in excess of revenue over expenses in the year the reversal occurs.

PARKLAND REGIONAL LIBRARY SYSTEM
Notes to the Financial Statements
FOR THE YEAR ENDED DECEMBER 31, 2024

4. Cash and cash equivalents

Cash accounts bear interest at bank prime rate of 5.45% (2023 - 7.20%) less a percentage based on balance held during the year. At year-end, the unrestricted cash balances bear interest at prime less 1.90% (2023 - prime less 1.90%) on \$ 719,261 (2023 - \$913,747).

5. Investments

	2024	2023
Bonds (original cost of \$813,825; 2023 - \$796,502)	798,013	765,417

Bonds bear interest at rates ranging from 1.10% to 3.80% and have maturity dates ranging from June 2025 to December 2034. Included in investments is \$3,220 (2023 - \$3,861) of accrued interest.

6. Accounts payable and accruals

	2024	2023
Trade accounts payable and accruals	\$ 48,742	148,727
Employee benefit obligations	76,990	81,946

PARKLAND REGIONAL LIBRARY SYSTEM
Notes to the Financial Statements
FOR THE YEAR ENDED DECEMBER 31, 2024

11. Local Authorities Pension Plan

Employees of the Library participate in the Local Authorities Pension Plan (LAPP), which is one of the plans covered by the Alberta Public Sector Pension Plans Act. The LAPP serves about 304,451 people and 444 employers. The LAPP is financed by employee and employer contributions and by earning investment earnings in the LAPP fund.

Contributions for current service are recorded as expenses in the year in which they become due.

The Library is required to make current service contributions to the LAPP of 8.45% of pensionable earnings up to the year's maximum pensionable earnings under the Canada Pension Plan, and 11.65% on pensionable earnings above that amount.

Total service contributions by the Library to the LAPP in 2024 were \$146,356 (2023 - \$123,922). Total current service contributions by employees of the Library to the LAPP in 2024 were \$124,666 (2023 - \$110,539).

As at December 31, 2023, the LAPP disclosed an actuarial surplus of \$15,057 billion (2022 - \$12,671 billion). LAPP has not yet disclosed the actuarial surplus or deficiency as at December 31, 2024.

12. Economic dependence

The Library is dependent on funding from government grants to maintain its operations. In 2024, the Province of Alberta contributed \$1,681,580 (2023 - \$1,678,455) of revenue to the Library, equalling approximately 42% (2023 - 43%) of total revenue. If funding is not received, its operations would be significantly reduced.

13. Financial instruments

The Library, as part of its operations, carries a number of financial instruments. The financial instruments consist of cash and cash equivalents, accounts receivable, investments, accounts payable and accruals, and book allotment. It is management's opinion that the Library is not exposed to a significant interest, currency, market, liquidity, or credit risks arising from these financial instruments except as otherwise disclosed.

Credit risk

The Library is exposed to credit risk as it grants credit to its members in the normal course of operations. The risk is mitigated by the fact that the receivables are from municipalities. The Library is exposed to credit risk as it has purchased bonds which are included in investments. The risk is mitigated by the fact that the Library has only purchased bonds issued by the Federal or Provincial governments.

Accounts receivable from one member library (2023 - one member library and one grantor) in connection with trade receivables represents 10% (2023 - 42%) of total accounts receivable at December 31, 2024. The Library believes that there is minimal risk associated with the collection of these amounts. The balance of accounts receivable is widely distributed among the remainder of the library municipalities and customer base.

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in the interest rates. Changes in market interest rates may have an effect on the cash flows associated with some financial assets and liabilities, known as cash flow risk, and on the fair value of other financial assets or liabilities known as price risk. In seeking to minimize the risks from interest rate fluctuations, the Library manages exposure through its normal operating and financing activities. The Library is exposed to interest rate price risk primarily through its fixed rate investments and variable rate cash.

Market rate risk

The Library is exposed to market rate risk on its investments due to changes in quoted market rates on investments.

14. Comparative figures

Comparative figures have not been reclassified to conform with current year presentation.

15. Approval of financial statements

PRLS BOARD TALK

Highlights of the Parkland Regional Library Board Meeting

MAY 15, 2025

Vacant Seat on the Executive Committee

Twyla Hale, Parkland's representative on the Executive Committee for Area 6 has, due to unforeseen circumstances, surrendered her seat.

Area six represents the communities of Bashaw, Clive, Donalda, Lacombe, the Summer Village of Rochon Sands, Stettler and the Summer Village of White Sands. These board members chose their representative for Area 6. Welcome Shaleah Fox to the Executive Committee!

2024 Parkland Audit

Parkland's audit was presented to the board by MNPs Lindsey Bauman and Erin Switenky. The audit reports were previously presented by Schmidt and Switenky at the March Executive Committee meeting where they were approved.

Switenky noted that there were no recommendations or management letter this year, which shows the commitment of Parkland Staff to ensuring Parkland has sound financial management.

A copy of the Auditor's Report and Report to the Board has been sent to your municipality.

LAPP Audit and Pension Policy

Every three years Parkland is required to have an audit of its Local Authorities Pension Plan.

Three small errors were found resulting from Parkland's practice of calculating full-time equivalency (FTE) in days rather than hours. Parkland's method of calculating FTE

has been a standing practice for decades without being flagged during previous LAPP audits.

the errors were very minor. Following the auditors' recommendations, Parkland has created a pension policy statement to be included in Parkland's Policy Manual. Previously, pension benefits were recorded in Parkland's Human Resource Manual.

Advocacy Committee Report

At their March 27th meeting, the committee determined the following were to be Parkland's advocacy goals for 2025:

- Continue to focus on advocacy to the system board
- Continue to help libraries and their boards advocate for themselves at the local level with a special emphasis on the fact that 2025 is a municipal election year.
- Continue demonstrating leadership in the formulation of unified advocacy efforts by the seven library systems. As it relates to this goal, Parkland is not to make provincial efforts its priority but rather concentrate on the other goals.

In cooperation with the six other library systems, Parkland is also to:

- Continue advocating with the Government of Alberta (GOA) to introduce a predictable library grant funding model that reflects population growth and inflation.
- Support a proposal to the GOA for adjustments to the funding model allowing intermunicipal library boards to remain financially viable while streamlining governance structures.
- Support a request to the GOA that they reassess bandwidth allocations for the SuperNet to ensure that library connectivity keeps pace with evolving internet standards, especially for rural communities.

One of the principal jobs of board members is advocacy. In an attempt to make resources related to advocacy readily available to both Parkland board members and to our libraries, an extensive array of advocacy tools has been put on Parkland's website. They can be found under the "About Us" menu by clicking the "Advocacy" link. A demonstration of the materials was provided at

the board meeting including a PowerPoint type presentation with narration provided by AI.

PRLS 2026 Budget

In response to direction provided by the Executive Committee, staff have prepared the draft 2026 budget.

A letter from Ric McIver, the Minister of Municipal Affairs, confirmed that library funding will be stable in 2026.

The Parkland budget with full notes will be brought back to the board in September for formal approval.

Penhold Library/School Partnership

The Penhold library has been noted in the press recently for losing a significant amount of funding due to the demise of the contract the library board had with the local school authority. The terms of the agreement were amended, stating that the library would provide services to all schools in the division without compensation. The Penhold Library board is looking into their options with the Public Library Services Branch.

Committee News from Trustees

The **Penhold & District Public Library** hosted a beekeeper and held a water color program. They are also working on their Strategic Plan.

The **Stettler Public Library** partnered with the high school and local county museum to build a 9-hole mini golf attraction that is located at the museum. They received a grant to pay for the materials. The Town of Stettler is also happy to be partnering with CPL to advocate for libraries.

The **Camrose Public Library** is partnering with the local performing arts centre to host 3 family events, and has space in the arts' brochure.

The **Clive Public Library** has started a nature school program with many families signed up. On June 5th the library is hosting an intergenerational garden tea party in partnership with the FCSS in the green space outside the library.

The **Sedgewick & District Municipal Library** held a garage sale at the beginning of May that brought in \$500 for the library. The first two weeks of June they are also holding an online auction with donated items.

The **Bentley Municipal Library** has started a nature school. They have also placed mini-libraries around the area and in the municipal campground.

The **Delburne Municipal Council** was presented with the Advocacy Framework Guide, and a copy is available on the Delburne Facebook page. There is also a copy at the library.

Board Chair Barb Gilliat said a few words regarding the retirement of long-time staff member Donna Williams.

Call to Order

Meeting called to order at 10:02 a.m. by Barb Gilliat. Gilliat reviewed the ground rules of the meeting.

As part of PRLS' legislative compliance procedures, board members who send regrets are excused at the beginning of each meeting.

Motion by Carlene Wetthuhn to excuse Delijiah Antaloczy, Ricci Matthews and Cody Hillmer from attendance at the board meeting on May 15, 2025 and remain a member of the Parkland Board in good standing.

3.1 2024 Parkland Audit

Gilliat introduced Erin Switenky and Lindsey Bauman from MNP. Switenky reviewed the audit, which was included in the package. The auditors stated that;

"In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Library as at December 31, 2024, and the results of its operations, changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards."

According to policy 2.6.10, the Executive Committee is responsible for reviewing and approving Parkland's audit which they did at their March 27th meeting.

Bryce Liddle entered the meeting at 10:18 a.m.

Motion by Harvey Walsh to receive for information the Parkland Regional Library Board 2024 Audit Findings Report for December 31, 2024 and the Financial Statements for December 31, 2024 as presented.

CARRIED

PRLS 22/2025

Switenky and Bauman left the meeting at 10:19 a.m.

3.2 LAPP Audit and Pension Policy

Williams reviewed the LAPP Audit. Every three years Parkland is required to have an audit of its Local Authorities Pension Plan.

Three small errors were found resulting from Parkland's practice of calculating full-time equivalency (FTE) in days rather than hours. Parkland's method of calculating FTE has been a standing practice for decades without being flagged during previous LAPP audits. Of the three employees with errors in their calculations, two were on authorized leave and one passed away unexpectedly.

Following the auditors' recommendations, Parkland has created a pension policy statement to be included in Parkland's Policy Manual. Previously, pension benefits were recorded in Parkland's Human Resource Manual.

Motion by Cal David to receive the 2024 LAPP audit for information.

CARRIED

PRLS 23/2025

Motion by Gord Lawlor to approve the Pension Policy as presented.

3.3 Vacant Seat on Parkland's Executive Committee

Sheppard reviewed. Twyla Hale, Parkland's representative on the Executive Committee for Area 6 has, due to unforeseen circumstances, surrendered her seat. According to Parkland policy,

2.6.8 "Should a sitting member of the Executive Committee be unable to continue as a member of the committee prior to the conclusion of their one-year term, representatives from that group of municipalities may appoint a new representative to the Executive Committee at the next board meeting."

Area six represents the communities of Bashaw, Clive, Donalda, Lacombe, the Summer Village of Rochon Sands, Stettler and the Summer Village of White Sands. These board members entered a Zoom breakout room and chose their representative for Area 6.

Motion by Kathy Hall to appoint Shaleah Fox as Parkland's Executive Committee for Area 6.

CARRIED

PRLS 25/2025

3.4 Board Signing Authorities

Sheppard reviewed. Twyla Hale, who recently stepped off Parkland's board, was one of two board signing authorities. Board Chair Barb Gilliat is Parkland's one remaining board signing authority.

According to board policy 4.4.20, Parkland Regional Library System requires that two trustees act as signing authorities for cheques valued at \$45,000 or more, or, if the Director is unavailable to sign. It is most convenient if the board signing authorities live or work close to PRLS headquarters.

Matthew Goudy volunteered to be Parkland's second board signing authority.

Motion by Ray Reckseidler to accept Matthew Goudy as PRLS' board signing authority.

CARRIED

PRLS 26/2025

Diane Eliot entered the meeting at 10:38 a.m.

3.5 PRLS 2026 Budget

Sheppard reviewed. Due to the lengthy process Parkland must follow to obtain approval of Parkland's budget, staff are beginning work on the 2026 budget now. The Executive Committee has worked on the 2026 budget at their meetings on March 27th and April 24th. The two scenarios presented by staff were identical except that in "Option B" there is a legal line valued in the amount of \$20,000. This line was included at the direction of the Executive Committee because Parkland has had to consult lawyers in a variety of matters involving topics such as human resources, questions concerning the membership agreement, which population figures Parkland should be invoicing municipalities with, etc. While staff would welcome an additional \$20,000 in the budget, the unpredictable nature of legal costs means the funds might never be utilized.

In 2024, the board revised the Purchasing Policy Statement to allow the Director discretionary spending up to \$15,000 from the Contingent Liability and Consultation Reserve which can be used to cover unexpected legal costs. For this reason, staff did not believe there was a need for a separate legal line in the budget.

Les Stulberg left the meeting at 10:57 a.m.

The Executive Committee did not endorse adding a cost-of-living adjustment (COLA) to the salary grid for 2026 but did endorse that eligible staff receive a step up the salary grid in accordance with Parkland's Compensation Policy. According to the policy, steps up the grid are guaranteed for eligible staff but COLA adjustments are optional.

After some discussion, the board agreed that staff will bring one budget option to the board in September without the \$20,000 legal line, and a second option adding a COLA adjustment for staff.

3.6 Parkland Investments

Williams reviewed. According to Parkland's Annual Agenda policy, the Executive Committee is to review Parkland's investments at least twice a year.

Parkland's investor, Adam Lamb, contacted Parkland with the following recommendation:

"From an investment perspective, a lot is happening in the market with tariffs, but thankfully your bonds are very safe. Due to the unknowns of the tariffs, new bond prices have gone down, meaning old ones have gone up. So, it's been a positive on Parkland's portfolio.

I would strongly recommend keeping it as is. If governments are forced to lower interest rates due to recession risks from tariffs, this would be a positive for the bonds you hold."

At the April 24th Executive Committee meeting, staff recommend following Lamb's advice and made no change to Parkland's overall investment strategy of keeping funds in a conservative, managed bond portfolio. PRLS does not currently have funds invested in GICs.

The Executive Committee made no changes to Parkland's current investment strategy.

Motion by Janice Wing to receive for information.

3.7 Advocacy and Marketing Report

Lawlor reviewed the Advocacy report. At their March 27th meeting, the committee determined the following were to be Parkland's advocacy goals for 2025:

- Continue to focus on advocacy to the system board
- Continue to help libraries and their boards advocate for themselves at the local level with a special emphasis on the fact that 2025 is a municipal election year.
- Continue demonstrating leadership in the formulation of unified advocacy efforts by the seven library systems. As it relates to this goal, Parkland is not to make provincial efforts its priority but rather concentrate on the other goals.

In cooperation with the six other library systems, Parkland is also to:

- Continue advocating with the Government of Alberta (GOA) to introduce a predictable library grant funding model that reflects population growth and inflation.
- Support a proposal to the GOA for adjustments to the funding model allowing intermunicipal library boards to remain financially viable while streamlining governance structures.
- Support a request to the GOA that they reassess bandwidth allocations for the SuperNet to ensure that library connectivity keeps pace with evolving internet standards, especially for rural communities.

With the announcement of the provincial budget, Parkland sent a "thank-you" letter to Rick McIver, the Minister of Municipal Affairs, for providing stable operating grant funding. After Parkland sent our letter, the six other library systems agreed to a joint "thank-you" letter based on the one that Parkland produced.

Other advocacy activities include a joint initiative with Calgary Public Library. Calgary Public Library's CEO Sarah Meilleur contacted Parkland's Director to ask if Parkland and the Town of

Stettler would cooperate on the creation of a joint resolution for presentation at the fall Alberta Municipalities conference. For the motion to go forward, Calgary requires the cooperation of a smaller municipality. The Town of Stettler was chosen because Gord Lawlor was recognized for a presentation he made to Rick McIver, the Minister of Municipal Affairs, earlier this spring.

Parkland's 2024 Return on Investment (ROI) documents are ready for distribution and can be found on Parkland website.

Parkland's Director was contacted by the personal Secretary of the Minister of Municipal Affairs and asked to provide a quote for a press release related to library grant funding for the 2025-2026 budget year.

One of the principal jobs of board members is advocacy. In an attempt to make resources related to advocacy readily available to both Parkland board members and to our libraries, an extensive array of advocacy tools has been put on Parkland's website. A demonstration of the materials was provided at the board meeting including a PowerPoint type presentation with narration provided by AI.

In addition to online training, Parkland staff will provide in-person advocacy training. One such session was held at Parkland on March 17th.

Motion by Gord Lawlor to receive for information.

Gilliat asked if there were any questions regarding the Director's Report, Library Services Report, IT Report, or the Finance and Operations Report. Joy-Anne Murphy wanted to clarify that the reason one library stopped being part of the complaint in process mentioned in the Director's report was because the library manager in question moved out of province.
