

**PIDHERNEY'S  
CIVIL DIVISION**

\_\_\_\_\_, 2011

Dear Resident of Rimbey:

Due to replacement of water utilities in your area there will be a temporary water shutdown from \_\_\_\_\_ to \_\_\_\_\_.

The interruptions will be kept to a minimum, with an anticipated maximum of 6 hours.

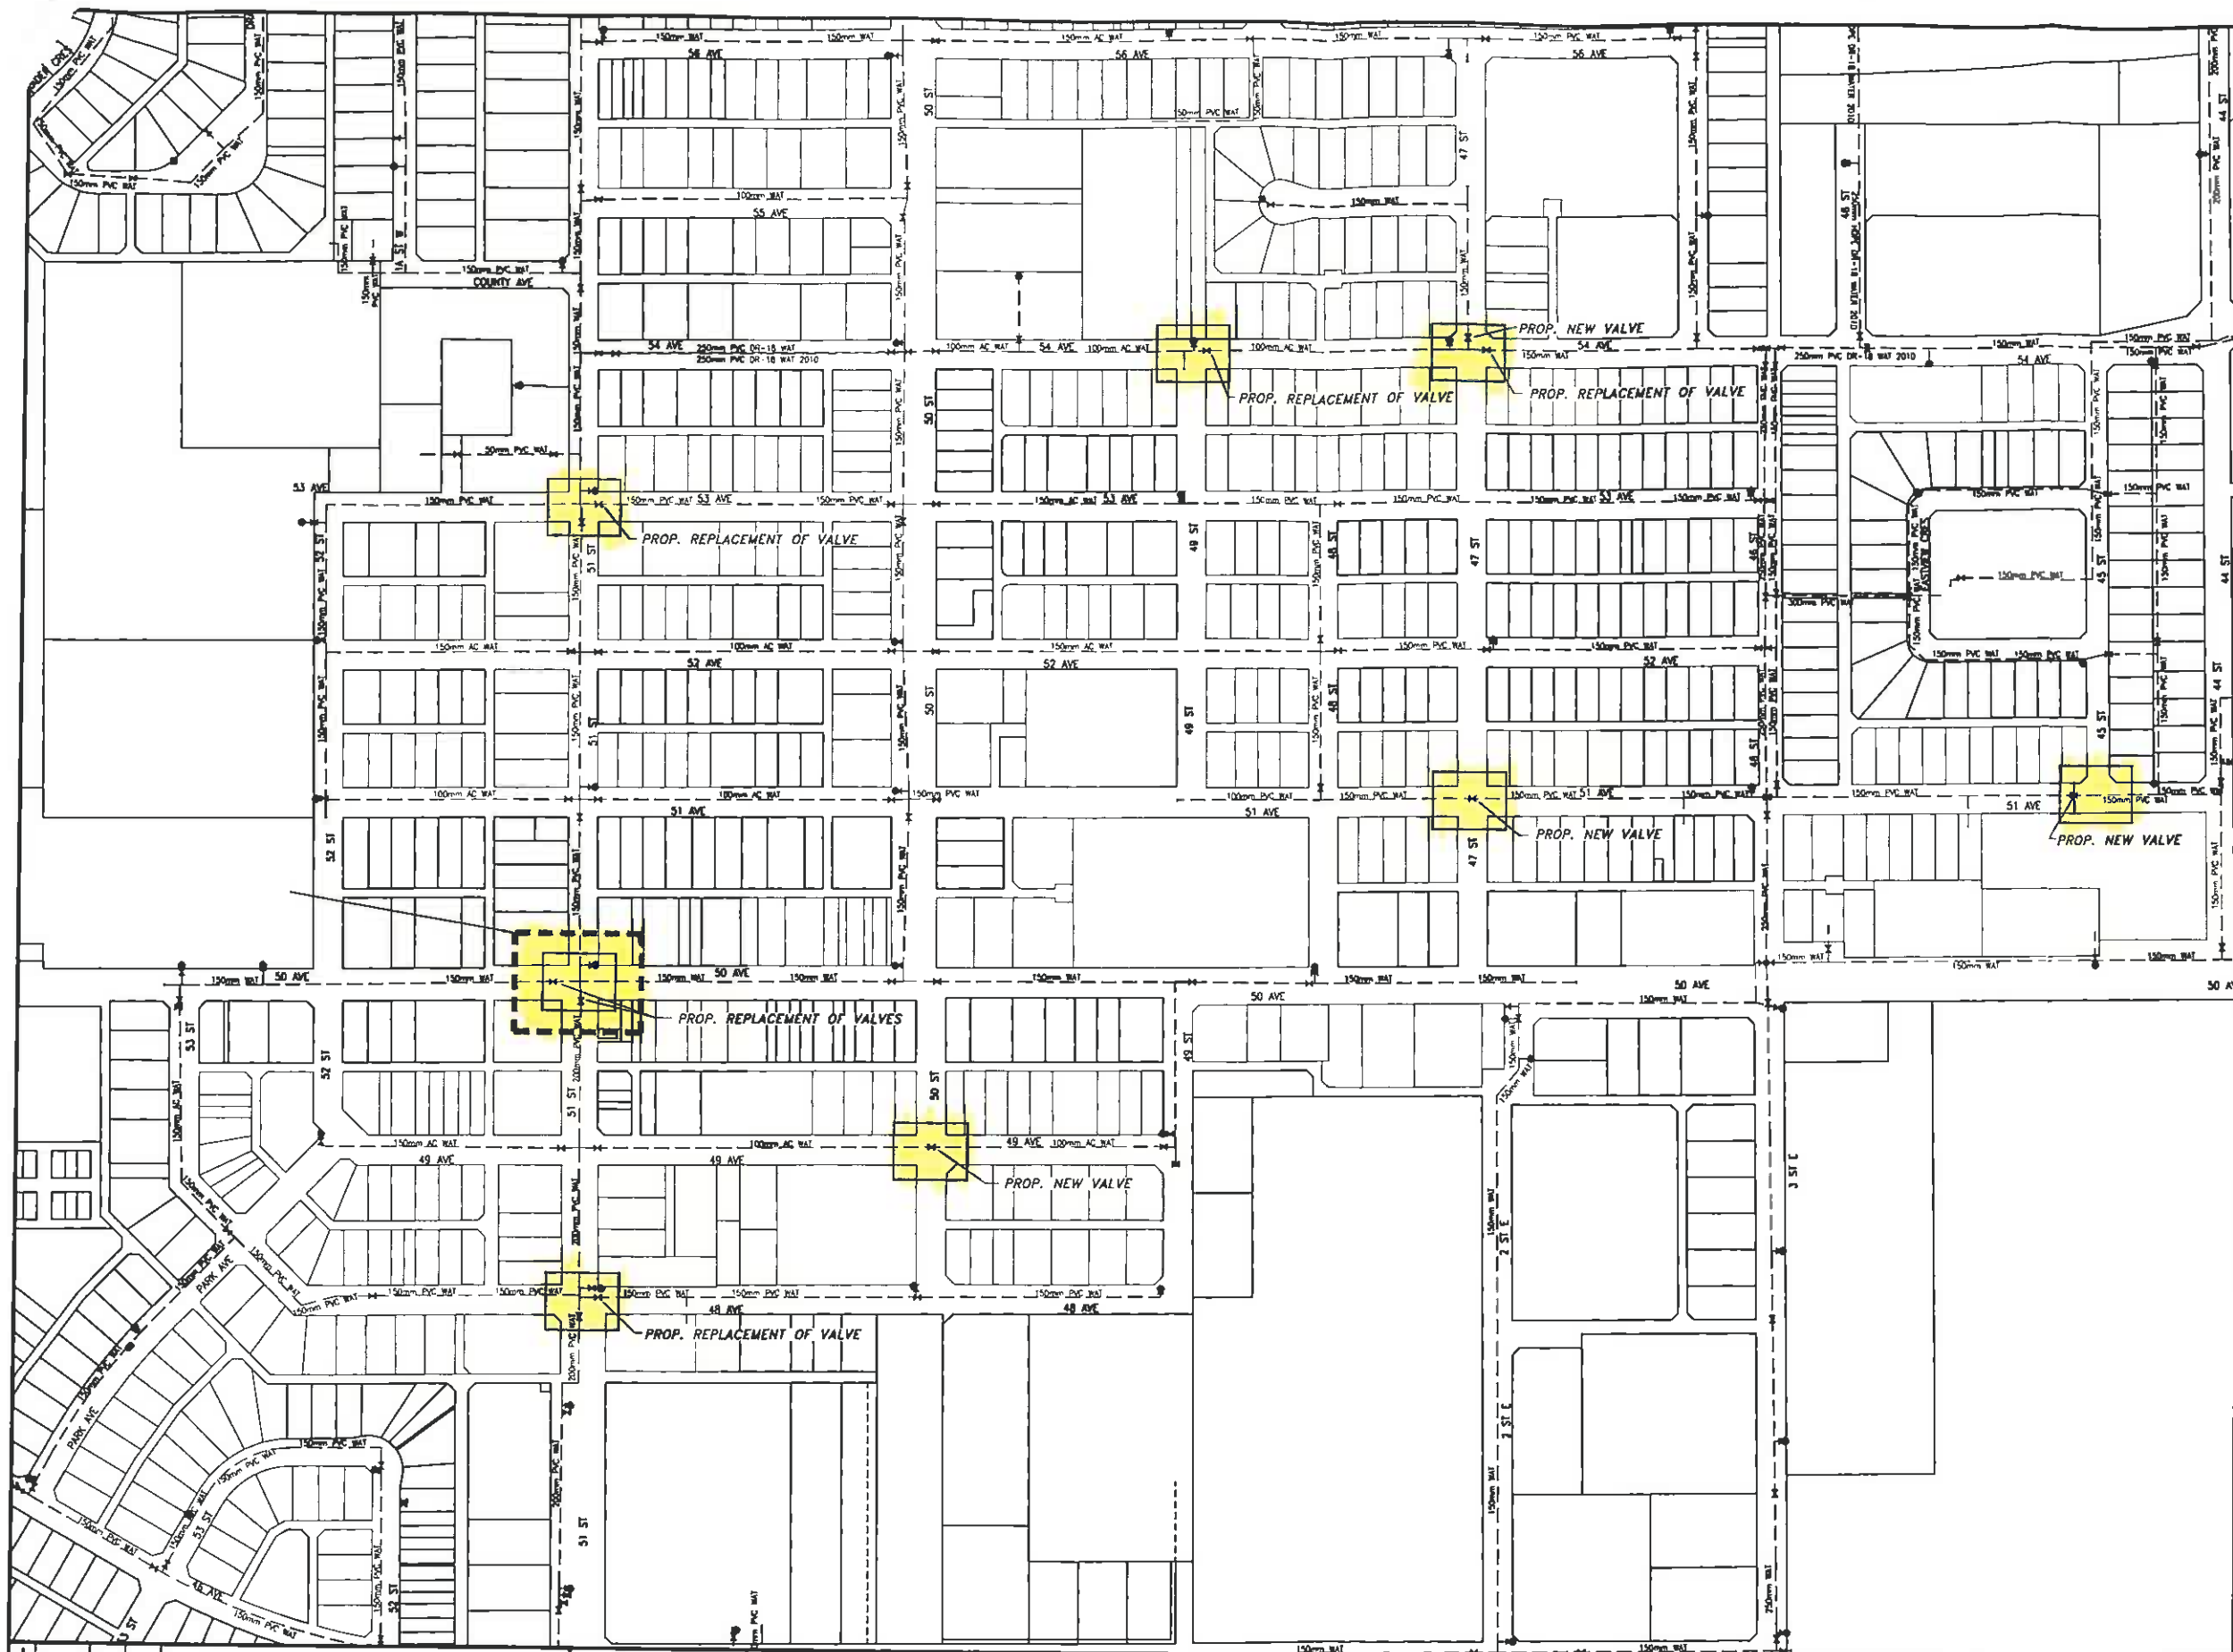

Access to driveways may be limited as a road closure will be in effect during time of construction. A Pidherneys representative will personally request some residents do not park in their driveway.

Contact phone numbers for this project are Matt Borle 403-322-0340 (Site Foreman, Pidherneys), Wayne Marshall 403-588-3248 (Superintendent, Pidherneys), or Ryan Leppke 403-356-9372 (Project Manager, Pidherneys).

It is recommended that residents fill their bath tubs with water before shut downs and keep a pail handy so that they may flush their toilets during these disturbances.

If you have any questions or concerns, please call. Thank you for your patience during these interruptions.

PIDHERNEY'S
